RECEIVED

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

Dear Mr. Speaker:

This is in reply to your letter of June 4, 1993, in which you inquired on behalf of your constituent, Mr. Robert I. Anderson, regarding the Notice of Proposed Rule Making (Notice) in PR Docket No. 92-235, 57 FR 54034 (1992). This Notice proposes comprehensive changes to the Commission's Rules governing the private land mobile radio services operating in the frequency bands below 512 MHz.

The proposals in the Notice reflect to a large extent concepts and proposals submitted in the initial inquiry stages of this proceeding. None of the proposals set forth in the Notice, however, are engraved in stone. Indeed, the proposals represent our best judgment at this stage of the proceeding on steps that must be taken to improve the regulatory climate for users of the private land mobile radio spectrum below 512 MHz. I have enclosed for your information a copy of that part of the Notice that describes the numerous proposals, plus a discussion paper released March 1, 1993.

We are sensitive to the needs of users of private land mobile radio spectrum and the impact that these proposals may have on their radio systems. We will endeavour to protect all private land mobile radio systems, including those operated by public safety entities. Your letter will be included in the record of this proceeding and will be fully evaluated when we develop final rules.

Thank you for your interest in this proceeding. We expect to issue final rules in 1994.

Sincerely,

Edward R. Jacobs
